Pearls of Wisdom

“I also wish to mention another **important point about Tabligh.**

Certain Jama'at members and office bearers have had reservations about recent campaigns to spread the message of Islam. They are of the view that it is merely enough to tell people that our message is 'Love for All, Hatred for None' and that we should not risk our relationships by going any further than this. **This attitude is completely wrong.**

To give a very recent example, over the past few months the Tabligh department has launched a 'Messiah has Come' campaign and have displayed billboards in some cities. They have also promoted this campaign on social media as well. However, some office bearers have expressed their belief that this campaign will harm our existing relations and is counter-productive.

Such people should realise that **in order to convey the message of Islam, courage and fearlessness are a prerequisite”**

**Address delivered by Hazrat Mirza Masroor Ahmad (may Allah be his Helper)
on the occasion of 39th National Majlis-e-Shura UK 2018.**

Pearls of Wisdom Continued...

“If you treat others with **kindness, respect and manifest good morals**, they will come closer to you and will also become interested in Islam and will ask questions and talk to you about it. This way it will also open up avenues of Tabligh”

Hazrat Mirza Masroor Ahmad (aba), meeting with members of Waqf-e-Nau from Finland,
18 December 2021

“No Ahmadi woman should be under the misconception that Tabligh is just for men. Rather, **consider it your mission to spread Islam’s teachings by living up to its values and beliefs and preaching its message far and wide**. It is up to you, as members of Lajna, to show the world what Islam is and what it truly represents.”
