Wedding Decor on a Budget

Important Considerations

- Sticking to a budget can be one of the most challenging parts of planning.
- Choose a venue that doesn't need to be jazzed up
- Work with what you've got. Ask your venue coordinator for suggestions and use as many of their resources as possible.
- Find crafty friends, They'll probably come up with some awesome ideas that will cost a fraction of a professional's price
- Make use of your social network. Consult recently married friends and family members to see if they have any decorations hanging around from their big day
- Hold the wedding and walima in one venue (ability to get discounts and can ask for decor to be re-used)
